Summer Interns

The summer is quickly approaching and the need for a ROAR Scholars Intern is eminent. Our office will be searching to employ a student worker for the position. If your major or career path would greatly gain from experience working with a student support program or non-profit please apply. The intern will assist with office work, program scheduling, meeting and greeting during orientation, and planning of the summer staff retreat. If you see this as an opportunity that would suit you please visit our website which will have information and links to the employment site.

Always There (Support Award):

These students have been there whenever and wherever we needed them. They offered much necessary support for workshops and on or off campus events and have been greatly appreciated for their support of the ROAR Scholars.
